FC/130126/6 Planning Applications to be considered

Planning consultation to be considered:

- a) **Sunnica Energy Farm Order 2024 (as amended) - application to make a non-material change to the Order pursuant to the Infrastructure Planning (Changes to, and Revocation of, Development Consent Orders) Regulations 2011 [PM-AC.FID3712178]:** to amend the Order limits to include the Additional Land (which is only approximately 2 hectares in size and comprises previously developed land), via updates to the corresponding plans and documents, to facilitate this re-location of the cabling. This requires a small extension to Work No. 4 to cover the Additional Land, which does not give rise to any new or materially different environmental effects to those originally assessed as part of the application for the Order (given the area is currently being used for hardstanding). Further, no powers (including in relation to compulsory acquisition) are being sought by Sunnica over the Additional Land.

Councillors expressed their frustration at the proposal's lack of clarity. 3 of our Councillors attended a Sunnica webinar on the subject, but the Sunnica representatives were unable to fully answer most of the questions put to them. This was mainly due to the absence of a National Grid spokesperson and the uncertainty introduced by the NESO grid reforms. It was proposed that we state we are unable to provide an informed response to the consultation until we have assessed the outcome of the NESO connections reform project with respect to the Burwell Substation. Proposed by Paul Webb, seconded by Richard Jenkins and all voted in favour – **RESOLVED.**

FC/130126/8 Finance

Urgent matters for consideration:

- 1) Consideration of payment of the following: Acceptance of the payments was proposed by Jim Perry, seconded by Richard Jenkins and all were in favour. It was **RESOLVED** to make the following payments

Jim Perry noted that the electricity costs for Gardiner Memorial Hall still seemed high. Lea Dodds said he would provide a comparison to the previous year at a later date. The Clerk highlighted that we were still in contract with the same supplier and costs should be able to reduce once we renegotiate the energy contract.

FC/130126/11 Parish Report

Gardiner Memorial Hall had a total of 602 bookings in 2025. 570 of those were regular paid bookings/hirers and 32 were private paid bookings.

The 32 private bookings were made up of birthday parties, wreath making, photo sessions, family gatherings, valuation days and business meetings.

The 570 regular bookings are made up of Line Dancing Classes, Jazzercise classes, judo, WI, Burwell Flower Club, Yoga classes and well being classes.

The Cambridge Light Opera company also held their performance at Gardiner Memorial Hall this year. This is their second time, and they are due to return in 2026. This is a large booking for the hall and showcases all the lighting and equipment that was installed during the 2022 refurbishment. Wednesday is really the only day where a new regular booking would be able to be accommodated. There are spaces on Monday and Thursday afternoons.

Mandeville Hall had a total of 722 bookings in 2025.

37 were private bookings and 685 were regular bookings. Mandeville Hall has seen an increase in companies holding training courses. Homecare Direct, NHS and Capalc have all used the hall over the past year to hold training courses. Regular groups at Mandeville Hall include, Brownies, Rainbows, Guides, Beavers and Squirrels. Along with Pilates classes, Chair based exercise groups, yoga classes, watercolour classes, as well as a children's music class. Last year also saw Mandeville Hall being used for a 6-week digital skills course. A total of 24 classes were run in total, and this was a huge success. Purchasing the protector and screen for Mandeville Hall helped these companies deliver the information that was required. There are gaps for new groups and there is availability for businesses to have rooms.

Community Pay Back has had limited impact so far on supporting our maintenance officers work. It has been placed on hold once again due to supervisory issues.

The Zipline at the Recreation Ground will be fixed free of charge by Creative Play. It has been placed out of use.
